The site is adjacent to the old pit-tips of Newstead and Annesley, on a gently sloping field backed by trees in a beautiful rural setting.

The old pit-tips are now fairly well reclaimed by nature and the festival site is to be part of new community project – Newstead and Annesley Country Park.

The park will be run by Newstead Enterprise, a charitable organisation to be set up by lottery funding (see **Newstead Enterprise Facebook Group** and <http://www.biglotteryfund.org.uk/>).

The whole Country Park project will be run sustainably and will aim to generate income to support Newstead Enterprise (and its partners, CAST, Rural Community Action Nottinghamshire and Future Newstead).
